

# POWERING MULTIPLE STICK-ONS FROM SINGLE SUPPLY

Distributed dc Power From Current-Limited Switching Power Supply

### Description:

The low current consumption of STICK-ON modules allows multiple modules to be powered from a single supply. The ST-PD5U distributes power from any RDL current-limited switching power supply to up to five modules with a total current requirement of 2 amperes or less. RDL 24 Vdc switching power supplies (purchased separately) are available with current ratings of 500 mA, 1 A and 2 A. All meet ENERGY STAR Level V standards.

Parts List	
Product	QTY
ST-PD5U	1

Recommended Pwr. Supplies	
Product	QTY
PS-24AS 24 Vdc 1000 mA	1
