

ACCESSORIES

Model PM-2T/W/G Pole Mount Tray

Installation/Operation

EN55103-1 E1-E5; EN55103-2 E1-E4
Typical Performance reflects product at publication time exclusive of EMC data, if any, supplied with product. Specifications are subject to change without notice.

The PM-2T is ideal for mounting any RU, TX or STICK-ON power amplifier and power supply to a pole. This is a horizontal mounting system designed to grip a standard 1-1/2" I.D. pole common to most projector mounts. An included set of brackets and hose clamp allow mounting to poles smaller than 1-1/2" and to square or rectangular projector mounts. Adequate vertical pole clearance must be available for mounting the PM-2T.

Dimensions (each):	Height: 2" (5.08cm) Depth: 10" (25.4cm) Width: 10" (25.4cm)
Material:	18-gauge steel
Finish:	RDL Black, White, Gray
