

ACCESSORIES

Model PM-1V

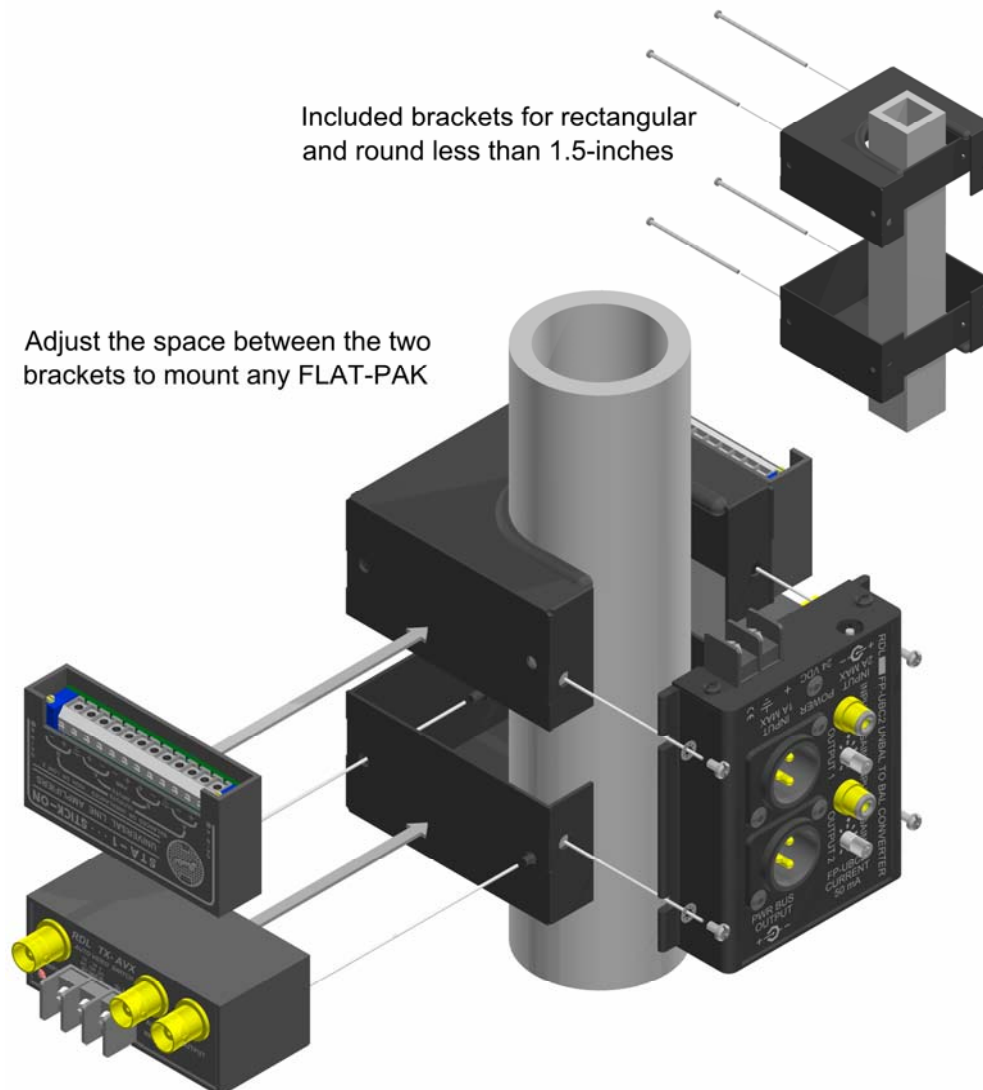

Vertical Pole Mount for FLAT-PAK[®], STICK-ON[®], and TX[™] products

Installation/Operation

EN55103-1 E1-E5; EN55103-2 E1-E4

Typical Performance reflects product at publication time exclusive of EMC data, if any, supplied with product. Specifications are subject to change without notice.

Included brackets for rectangular and round less than 1.5-inches

Adjust the space between the two brackets to mount any FLAT-PAK

The PM-1V is designed to mount any RDL FLAT-PAK module to a projector pole. This is a vertical mounting system designed to grip a standard 1-1/2" I.D. pole common to most projector mounts. An included pair of bracket and screw sets allows mounting to poles smaller than 1-1/2" and to square or rectangular projector mounts. Adequate vertical pole clearance must be available for mounting the PM-1V. The bracket side plates are intended for the mounting of any RDL STICK-ON or TX series module.

Capacity:	1 PS-24U2 Power Supply, and 1 FLAT-PAK module
Dimensions (each):	Height: 1.65" (4.19 cm), Depth: 5.06" (12.85 cm), Width: 3.52" (8.94 cm)
Material:	Combination of 18-gauge and 16-gauge steel
Finish:	RDL Black
